WELCOME TO CYPRUS

Cyprus offers a range of facilities and services to visitors with special access needs who wish to visit the island. This guide gives you an idea of what you may find but for more up-to-date and comprehensive information, visit the Cyprus Tourism Organisation's (CTO) website: <http://www.visitcyprus.com>

Both Larnaka and Pafos international airports are accessible to visitors with all kinds of access needs. Facilities include accessible restrooms, charging stations for electric wheelchairs at departure gates, ramps to allow a person on a wheelchair to enter or exit the buses and additional assistive services, meeting European Regulation 1107/2006 concerning the rights of travellers with disabilities.

Most Cyprus towns are fairly accessible with a wheelchair but much work is yet to be carried out to improve infrastructure. A person using a wheelchair is advised to be accompanied in case further assistance is needed in inaccessible areas.

Transportation around the island can be arranged if prior notice is given to the transport companies. Special buses are also available with low gradient ramps, safety belts and a/c and so are special taxis that may carry a person using a wheelchair. Information can be obtained from the Cyprus Tourism Organisation offices and Website.

The European Blue Badge for parking at designated places for people with disabilities is accepted for free parking all over the island, both in public roads and public parking areas. If further assistance is needed about its issuing or use in Cyprus, the appointed Department for Social Inclusion of Persons with Disabilities can be contacted by phone at +357 22815015 or by email at info@dsid.mlsi.gov.cy

Users of the European Disability Card are entitled to some discounts or even free entrance to specific sites such as museums, archaeological sites, festivals and other services. Anyone interested, can find out how to use the card in Cyprus through the website: <http://www.eudisabilitycard.gov.cy/index.php/en/page/europaiki-karta-anapirias>

ACCOMMODATION

Many hotel establishments have accessible rooms, communal areas and common restrooms but since facilities vary from hotel to hotel, it is recommended to contact the hotels directly in order to ascertain that they have the right facilities for you. A list of hotels offering facilities for their guests with disabilities as well as a detailed accessibility report for each one can be found on CTO's website. Most accessible hotels have facilities and services that are geared more for wheelchair users and for people with reduced mobility.

A Hotel Apartments establishment in Polis (Pafos District) has been exclusively designed and operated according to the needs of visitors with disabilities and for wheelchair users:

BEACHES

ACCESSIBILITY TO BEACHES

The Cyprus Tourism Organisation (CTO), in the fields of its efforts to upgrade Cyprus beaches, is an active supporter of issues related to accessibility in cooperation with the Local Authorities that are in charge for the administration of the beaches.

CTO has listed so far 47 beaches for people with special access needs, including 26 fully accessible and 21 partially accessible beaches.

BEACHES

FULLY ACCESSIBLE BEACHES

The following 26 beaches have full access to the beach, as the wheelchair user is able to get from the beach into the sea moving on a wooden or plastic ramp. There are also hygiene facilities available such as restrooms/showers and parking places for persons with disabilities.

Worth mentioning is the fact that on six of these beaches there is an innovative system, the “Seatrac” that enables people with disabilities to have full access into the sea. It is an automatic system powered by photovoltaic energy, consisting of a seat fixed on a rail that drives the person with special access needs into the sea at an approximate depth of 60cm. Moreover, many beaches have Floating Wheelchairs that can be easily moved on the sand and float in the water, thanks to their floating armrests and wheels. Seatracs and Floating Wheelchairs are available for use by the public free of charge and relevant information may be obtained by the lifeguards on site.

Pegeia: Coral Bay (Floating Wheelchair).

Polis Chrysochous: Municipal Beach (Seatrac)

Dasoudi / Camping Site (Seatrac)

Neo Chorio: Latchi A´ (Floating Wheelchair)

Latchi B´ (Floating Wheelchair)

Municipal Baths (Chair lift και Floating Wheelchair).
Geroskipou: Municipal Beach (Floating Wheelchair) .

BEACHES

PARTIALLY ACCESSIBLE BEACHES

The following 21 beaches are partially accessible, meaning that they have available ramps or pathways leading to some point on the beach but the access is not extended into the sea. On these beaches there are hygiene facilities available such as restrooms/showers and parking places for people with disabilities

AMMOCHOSTOS /FAMAGUSTA (7 beaches)

Agia Napa: Nissi, Makronissos.

Paralimni : Pernera, Vrysi A, Vrysi B, Agia Triada, Mouzoura .

GOING OUT/SHOPPING

Generally, moving around in Cyprus' city centres is easy due to the flat road surfaces, the good condition of most pavements, efficient traffic control and the availability of municipal and other parking places for people with disabilities.

Most of the Malls and Shopping Centres in Cyprus have available parking places, lifts and ramps for wheelchair users.

Wide pedestrian streets are found in the historical city centres. Beautiful seafront promenades with lots of dining places, pubs, cafes and souvenir shops are easily accessible to everybody.

Most Bank branches in Cyprus are accessible to people with disabilities.

TRANSPORTATION & TOURS

Transportation choices include accessible taxis, coaches and minibuses. Furthermore, mobility scooters, wheelchairs and other equipment are available for hire. Excursions and other activities organised by professionals are not to be missed.

CAR RENTALS AND PARKING INFORMATION

Car rental agencies providing automatic cars are found at the airports of Larnaka and Pafos. Visitors with disabilities are advised to contact car rental agencies for special arrangements prior to their arrival.

Parking spaces marked for drivers with disabilities are found on most of Cyprus' central roads and squares, at the airports, ports and marinas, at public buildings, at most of the seafront and other tourist resorts, at many tourist establishments and shopping centres etc.

The EU Blue Badge is recognized in Cyprus. It is a standardised European Community parking permit for persons with disabilities, which provides parking entitlements to badge holders in all complying European countries - a Blue Badge from one country is valid in another. Persons coming to Cyprus from another EU country can apply in their home country for this universal badge which allows the use of reserved parking spaces.

To apply for a Blue Badge in Cyprus you may contact the Department for Social Inclusion of Persons with Disabilities.
